

Wynn Resorts Launches Virtual Volunteer Program For Employees

LAS VEGAS (April 16, 2020) – Wynn Resorts is expanding its approach to community service with the launch of its new Virtual Volunteer program, a digital platform for employees to give back through national and local online volunteer opportunities. From assisting the visually impaired to mentoring high school students to building websites for small businesses, employees can choose from hundreds of ways to offer their personal and professional skills to help people in need.

“Wynn employees volunteer more than 50,000 hours every year at Company-sponsored events in support of our vital nonprofit partners,” said Wynn Resorts CEO Matt Maddox. “This commitment to service doesn’t stop just because it can’t be done in person. The Virtual Volunteer program is an innovative new way to think about volunteering and keeps our employees close to the causes they care about most.”

Virtual volunteer opportunities are available in dozens of cause areas including crisis relief, mental health, technology, business services, the arts, childhood and continuing education, assisting veterans, and many more. National and local partners in Boston will continue to be added, and currently include:

- 7Cups
- American Corporate Partners
- Be My Eyes
- Bookshare
- Boston Area Rape Crisis Center
- Bread of Life
- Career Village
- Catchafire
- Cradles to Crayons
- City of Everett
- Heart
- iCouldBe
- LibriVox
- Message of Hope
- Missing Maps Mapathon
- Smithsonian Digital Volunteers
- Strive For College
- Tech Soup
- Translators Without Borders

Nonprofit organizations can request participation in the Virtual Volunteer program by completing the assessment survey on the Wynn Employee Foundation website at wef.wynnresorts.com.

Additionally, the Wynn Employee Foundation, a charitable giving foundation funded and managed by Wynn employees, is providing \$50,000 in grants this week to two Boston area domestic violence shelters. The Elizabeth Stone House and Casa Myrna will each receive \$25,000 to help support a recent rise in demand for their services that is linked to Covid-19 stay-at-home orders.
