Encore Boston Harbor to Implement Additional Safety Measures

EVERETT, MA (August 21, 2020) – Encore Boston Harbor today announced additional measures to reinforce the Commonwealth of Massachusetts’ directives regarding physical distancing and public gatherings.

Effective immediately, the new protocols include:

- A maximum of four people in any hotel room, and a maximum of eight people in a two-bedroom suite;
- All supplies taken to guest rooms monitored to ensure that there are no party materials or excessive quantities of food and beverages;
- Surveillance utilized to monitor hotel hallways and elevator banks to ensure safe physical distancing and room occupancy;
- For any gatherings of more than four people in a hotel room and eight people in a two-bedroom suite, a fine of \$3000 issued to the registered guest and all parties evicted;
- Increased security personnel stationed at the hotel elevator banks to ensure only registered guests have access to hotel rooms and that no more than four people are in an elevator at any given time; and
- Security personnel increasing their patrol of hotel floors throughout the night.

“The safety and well-being of our guests and employees are paramount,” said Encore Boston Harbor president Brian Gullbrants. “These enhanced measures will help ensure our registered guests are enjoying themselves in a safe and responsible environment.”

The new protocols will be listed on Encore Boston Harbor’s website and will be provided to each guest at time of hotel room booking. They also will be reiterated through room reservation confirmations, as well as at time of check-in at the hotel. The Company will contact law enforcement and regulatory officials when there is a violation of the Governor’s guidance on public gatherings.

Additionally, numerous health and safety measures have been in place since the resort re-opened on July 12, 2020, including:

- Non-invasive thermal temperature scans at all guest and employee entrances;
- Mandatory face coverings for all employees and guests, provided complimentary for our guests;
- Enhanced cleaning and disinfecting procedures and increased frequency of all guest areas 24 hours a day;

- Hundreds of hand sanitizer and disinfecting wipe stations available throughout the resort; and
- Appropriate and comfortable physical distancing in all gaming and dining areas.

All Encore Boston Harbor employees have been thoroughly trained in new health and safety protocols and were tested for COVID-19 in advance of the resort opening to the public. Encore Boston Harbor's Health and Safety Plan was created in consultation with leading public health professionals in addition to MGC requirements and recommendations from the U.S. Centers for Disease Control and Prevention (CDC) and the Massachusetts Department of Public Health. The full plan can be viewed on encorebostoninfo.com.
